Yeah!

I walk for miles inside this pit of danger.
A place where no one follows me, I walk alone.

I'm sick of all these people talkin' out their heads.
I've never understood a damn thing that they said.
From words to actions never knowing what they're
about.
I guess I'll have to chew them up and spit them out.

And I'll say.

I walk for miles inside this pit of danger.
A place where no one follows me, I walk alone.

Huh!

And I'll say!

I walked for miles inside this pit of danger.
I've swallowed down a thousand years of anger.

The weight of the world is falling on my shoulders.
A place where no one follows me I walk alone.

Yeah!

I walk alone.

Oh Yeah!

Yeah!

I walked for miles inside this pit of danger.
I've swallowed down a thousand years of anger.
The weight of the world is falling on my shoulders.
A place where no one follows me I walk alone.

I walk alone. Yeah!
