Here she comes again.
Like good medicine.
Every step she takes.
My blood is flowing.
Her legs go on and on for days.

She's got a hold on me.
I need the remedy.
Just to hold her would
Be a cure for me.
I can't keep going on this way.

She's at the top of her game.
She don't know my name.
The future is looking bleak.
She's out of my league.

Look out!
She'll tear your heart out.
Look out!
She'll rock your world there's no doubt.
She comes and goes when she wants to.
I'd do anything she wanted me to.
Who would blame me with legs like that.

Here she comes again.
She makes me want to sin.
My heart stops when I think about her coming.
Her legs go on and on for days.

She's gotta hold on me.
It's a tragedy.
That I will never get the chance to have her close to me.
When she moves she takes my breath away.

She's at the top of her game.
She don't know my name.
The future is looking bleak.
She's out of my league.

Look out!
She'll tear your heart out.

Look out!
She'll rock your world there's no doubt.
She comes and goes when she wants to.
I'd do anything she wanted me to.
Who would blame me with legs like that.

She's breaking me down.
She's everywhere that I wan't go.
Breaking me down.
She gets me high when I'm feeling low.
She's breaking me down.
She's on the move like a rolling stone.
Breaking me down.
Just one look cuts me to the bone.

She's like that.
Like that.
She's like that.
Like that.

Look out!
She'll tear your heart out.
Look out!
She'll rock your world there's no doubt.
She comes and goes when she wants to.
I'd do anything she wanted me to.
Who would blame me with legs like that.

She moves and she moves and she moves.
She moves and she grooves and she moves.
She moves and she moves and she moves.
She moves and she grooves with legs like that.
She moves and she moves and she moves.
She moves and she grooves and she moves.
She moves and she moves and she moves.
She moves and she grooves with legs like that.
With legs like that.
With legs like that.
