No Chance...that's what you've got  
Up against a machine too strong  
Pretty politicians buying souls from us are PUPPETS  
Who'll find their place in line

But tie a string around your finger now boy  
'cause it's, it's just a matter of time  
'cause you've got...

No chance...No chance in hell. (you've got)  
No chance...No chance in hell. (you've got)  
No chance...No chance in hell. (you've got)  
No chance...No chance in hell!

Come on, come on, come and get it! Come on!

Come on, come on, come and get it! Come on!

Come on, come on, come and get it! Come on!

Come on, come on, come and get it! Come on!

No chance...yeah!

No chance...No chance in hell. (you've got)  
No chance...No chance in hell. (you've got)  
No chance...No chance in hell. (you've got)  
No chance...No chance in hell!

Yeah!
