I am perfection
Perfection
I am perfection
So take your best shot
Give it all you got
Show me love

Some things are exactly what they seem
I will define the things you dream
Go check the scores again
Call mine a perfect ten
They broke the mold when they made me

They saw perfection
Perfection
They saw perfection
I am perfection

I hold your life here in my hands
Though you try hard to understand
Your little mind won't turn
Those little wheels will burn
You'll recognize just who I am

I am perfection
Perfection
I am perfection
So take your best shot
Give it all you got
Bring it on

I know it isn't fair
I know how hard you try

Give it up now, never gonna work out
I'm the definition of perfection, no doubt
You took your best shot, but it's all over now
You can't teach perfection.

Things just come easier to me
What you work hard for, I get free

With no excuses made, I got all my dues paid
And I stand here, so you can see

So you can see perfection
Perfection
I am perfection
I am perfection
So bring it on

I know it isn't fair
I know how hard you try

Perfection
I am perfection
I am perfect~on
