The wonder of the world is gone, I know for sure  
All the wonder that I want I've found in her  
As the hole becomes apart I strike to burn  
And the flame returns.

Every intuition fails to find its way  
One more table turned around and back again.  
Finding I'm more lost than found when she's not  
around  
When she's not around I feel it coming down

Get me what I could never ask for  
Connect me and you could be my chemical, now  
Give me the drug you know I'm after  
Connect me and you could be my chemical

When everybody wants (My chemical, your slow)  
When everybody wants (My chemical, your slow, slow  
and)  
When everybody wants you (slow, slow and)  
When everybody wants you, slow

Get me what I could never ask for  
Connect me and you could be my chemical, now  
Give me the drug you know I'm after  
Connect me and you could be my chemical

You could be the chemical!  
You could be the chemical!  
You could be the chemical!  
You could be the chemical!
