Whoa! You're only smoke and mirrors
Whoa! You're only smoke and mirrors to me

There you go, face seen through the camera
Microphone in your hand
What you're mad about, no one knows and no one
cares
You think everyone's a fan
(Haha)

Will everybody see, the future's here in me?
They watch the wheels go round, they try to take 'em
down!

Whoa! You're only smoke and mirrors
Whoa! You're only smoke and mirrors
Whoa! You're only smoke and mirrors
Whoa! You're only smoke and mirrors to me!

Less is more, everybody said so
Even less is way too much
What comes outta your mouth, no one knows and no
one cares
You think everyone's a fan...

Will everybody see, the future's in me?
They watch the wheels go round, they try to take 'em
down!
