Her she comes again, like good medicine
Every step she takes my blood is flowin'
Her legs go on and on for days

She's got a hold on me, I need the remedy
Just to hold her would be a cure for me
I can't keep goin' on this way (gotta get away, I gotta get away)

She's at the top of her game, she don't know my name
the future's lookin brief, she's outa my league
Look out; she'll tear your heart out
Look out; she'll rock your world there's no doubt
She comes and goes when she wants to,
I'd do anything she wanted me to, who would blame me with legs like that

Here she comes again she makes me wanna sin
My heart stops when I think about her coming
Her legs go on and on for days (on and on and on and on)

She's gotta hold on me
it's a tragedy, that I will never get the chance to have her close to me
When she moves she takes my breath away (yeah she moves and she moves and she moves)

She's at the top of her game, she don't know my name
the future's lookin brief, she's outa my league
Look out; she'll tear your heart out
Look out; she'll rock your world there's no doubt
She comes and goes when she wants to,
I'd do anything she wanted me to, who would blame me with legs like that

She's breakin me down; she's everywhere that I wanna go
Breakin me down, she gets me high when I'm feelin low
She's breakin me down; she's on the move like a rolling stone
Breakin me down, just one look cuts me to the bone

She's like that (like that)
She's like that (like that)
Look out; she'll tear your heart out
Look out; she'll rock your world there's no doubt
She comes and goes when she wants to
I'd do anything she wanted me to, who would blame
me with legs like that
she moves and she moves and she moves
she moves and she grooves and she moves
she moves and she moves and she moves
she moves and she grooves with legs like that
she moves and she moves and she moves
she moves and she grooves and she moves
she moves and she moves and she moves
she moves and she grooves with legs like that
with legs like that
with legs like that
with legs like that
With legs like that
