Telephone ringing at your home again  
Give them  
your donation  
You do  
the best you can

These motherfuckers  
Get you in their game, playing with your prayers  
Religion is a gun  
Kill'em all

Behind sweet talks one sacred farce  
Peace for the world for your money to bring  
My friend you're a loser

Many ways to be a good man  
Helping the poor to find a good life  
Rich life  
for the fake  
Fake

This, the path to your salvation  
When will you finally understand?  
What a reason for donations!

Guilt you feel for exploitation  
Damage your checkbook has to repair

Maybe you should take the pain  
Pay the price  
Or ask yourself the worth of your bought prayers

Heaven for a price  
Mansions and limousines  
Jets and filthy yatches  
Your guilt -  
maintained to keep them fat

Dig deep  
Your pocket has no end  
They drop their pants and you will bend

Your home  
Your car  
Sell your kids and you'll go far

Your life  
A hole  
What's gone now returns above

Abandon all reason  
Freeze your flesh and blood  
And then when you're in heaven  
you will sadly realize

Abandon all reason  
Freeze your flesh and blood  
You will sadly realize  
There's no return
