Deceived by my eyes,
and all I was told I should see,
Opinion's not mine,
the person they taught me to be,
one night in the dark,
a vision of someone I knew,
and in the darkness I saw,
a voice say I'm you.

Inside me a light was turned on,
and I was alive,
if you close your eyes, your life will, a naked truth
revealed,
dreams you never lived and scars never healed,
in the darkness light will take you to the other side,
and find me waiting there,
you'll see if you just close your eyes.

Eyes in the sky,
trapped inside somebody's dream,
too close to the fire,
yet cold and so numb without me,
the fever has broken, the river has run to the sea,
washed in the ocean, and saved by a voice inside me.

Inside me a light was turned on,
and I was alive,
if you close your eyes, your life, a naked truth
revealed,
dreams you never lived and scars never healed,
in the darkness, light will take you to the other side,
and find me waiting there,
you'll see if you just close your eyes.

Never thought I would be so here, so high in the air,
this is my unanswered prayer,
defined by another,
so much wasted time,
out of the darkness each breath that I take will be mine.

If you close your eyes, your life, a naked truth

revealed,
dreams you never lived and scars never healed,
in the darkness light will take you to the other side,
and find me waiting there,
you'll see if you just close your eyes.

If you just close your eyes...
