Got a nack  
For making things better  
Face facts

kicking ass  
taking names, treating household babies  
I'm burning out the tab  
burning down time  
your in my way so get your ass in line.....

All the talk  
they say that I've lost it  
but talk me down  
and i say it's gonna cost ya  
but now I'm back  
the boss of you morons  
to never count me out is one thing you can count on

this time get in line cause I'm gonna make some  
changes  
kicking ass  
taking names, treating household babies  
I'm burning out the tab  
burning down time  
your in my way so get your ass in the.....
