There's a little pile of ashes where my old life used to be  
Credit cards and memories all dumped into the sea  
Well this ain't no time for bull as I fly into the sun  
Well you can't trust anybody if you can't trust number one

Well, the man tells me my future is not so far away  
To get ready for tomorrow, I got to waste my whole today  
My inner life knows better, yeah it's what I want to hear  
Just like a diamond bullet, it's crystal, crystal clear

Oh yeah!

Whoooooooooooo!

I can slam a tornado  
I can dry up a sea, yeah  
When I live for the moment,  
There ain't no one greater than me

You'll never find your pleasure if you worry about your pain  
And your precious little details are stretching out my brain  
Well, you spin around and bite your nails, now let me tell you, son  
That you can't trust anybody if you can't trust number 1

Well, the man tells me my future is not so far away  
To get ready for tomorrow, I got to waste my whole today  
Well my inner life knows better, well it's what I want to hear  
Just like a diamond bullet, well it's crystal, crystal clear

Oh yeah!

I can slam a tornado  
I can dry up a sea  
When I live for the moment,  
There ain't no one greater than me

Now don't you sell me no future, yeah  
Don't you sell me your love.  
I ain't punchin' your number  
You couldn't pay me enough!

I ain't buying no future when the past is so far away  
I ain't buying no future when the past is so far away  
I ain't buying no future when the past is so far away  
I ain't buying no future when the past is so far away!

Yeah!

I can slam a tornado  
I can dry up a sea  
When I live for the moment,  
There ain't no (aint no) in me  
Now don't you sell me no future, yeah  
Don't you sell me your love.  
I ain't punchin' your number  
You couldn't pay me enough

You couldn't pay me enough  
You couldn't pay me enough  
You couldn't pay me enough  
You couldn't pay me enough...

(Repeat to end)
