The wonder of the world is gone, I know for sure  
All the wonder that I want, I've found in her  
As the hole becomes apart, I strike to burn, and the  
flame returns  
Every intuition fails to find its way  
One more table turned, around and back again  
Finding I'm all lost and found, when she's not around  
When she's not around  
I feel it coming now  
Give me what I could never ask for  
Connect me and you could be my chemical now  
Give me the drug you know I'm after  
Connect me and you could be my chemical  
When everybody wants you (the chemical, you're slow)  
When everybody wants you (the chemical, you're  
slow,slow and)  
Everybody wants you (slow, slow and)  
Everybody wants you (slow)  
Give me what I could never ask for  
Connect me and you could be my chemical now  
Give me the drug you know I'm after  
Connect me and you could be the chemical  
You could be the chemical  
You could be the chemical  
You could be the chemical  
You could be the chemical
