Don't treat me like a woman
Don't treat me like a man
Don't treat me like you know me
Treat me for just who I am

OH!
Don't treat me like a woman
Don't treat me like a man
Don't treat me like you know me
Just treat me for just who and what I am

Don't treat me like a woman
Don't treat me like a man
Don't treat me like you know me

I'm so much more!
I'm so much MORE!
I'm so much more than that!

Don't treat me like a woman
Don't treat me like a man
Don't treat me like you know me
Treat me for just who and what I am

Don't treat me like a woman
Don't treat me like a man
Don't treat me like you know me
Just treat me for who and what I am

Don't treat me like a woman
Don't treat me like a man
Don't treat me like you know me
Just treat me for who and what I am

Don't treat me like a man
Don't treat me like you know me

I'm so much more
I'm so much more
I'm so much more than that
