"Fly with me"

Fly with me and take the sky
Close your eyes and feel the wind
You and I will live to see
When we reach the sky you will find

[chorus]

Fly away, take my hand
Spread your wings, reach the sky
I can make you believe life is rich, rich within me
So fly away, hold my hand
Feel the wind, take the sky
Love will find, find a way
I believe in you
Fly with me x2

Night will fall and stars will shine
And the moon will smile to ease your mind
Questions why life is so strange
Watch me fly ill take you there to see

[chorus]

[chorus]

Fly with me x5
