I left a map on my bed, "our little secret", I said  
You took your stuff, now you're gone  
My mama thinks we are done  
She doesn't know how I love, she doesn't know how I  
need you  
I'll take a chance right away and follow your trace

They say when he's out of sight, he will be out of mind  
But that isn't true when it comes to you  
'Cause I'd walk a thousand miles, fly over endless skies  
to be with you there  
I'll find you, I swear  
I'll find you, I swear

I know the road will be long, but you are where I belong  
I know I'm young, maybe fool, 'cause I don't live by the  
rules  
But this is me and my life, you better take it or leave it  
If I get lost on my way, it's just a part of the play

They say when he's out of sight, he will be out of mind  
But that isn't true when it comes to you  
'Cause I'd walk a thousand miles, fly over endless skies  
to be with you there  
I'll find you, I swear  
I'll find you, I swear

'Cause they don't know how we love and they don't  
know how we're feeling  
I had to learn from the start to never turn down my  
heart

They say when he's out of sight, he will be out of mind  
But that isn't true when it comes to you  
'Cause I'd walk a thousand miles, fly over endless skies  
to be with you there  
I'll find you, I swear

They say when he's out of sight, he will be out of mind  
But that isn't true when it comes to you  
'Cause I'd walk a thousand miles, fly over endless skies

to be with you there  
I'll find you, I swear

They say when he's out of sight, he will be out of mind  
But that isn't true when it comes to you  
'Cause I'd walk a thousand miles, fly over endless skies  
to be with you there  
I'll find you, I swear  
I'll find you, I swear
