You think I'm out of my mind
You say I'm out of my head
But I'll never give up on things you can't understand
You're not ready to see everything I could be today

You thought I couldn't pull through, but you'll see that I
do
All these struggles and fighting made me see how I
grew
And I know now what I want
I know now what I need to do

I'm coming out of my shelter by taking chances I'm
feeling
And I keep on believing that I will be there someday
I'm coming out and I stand tall, 'cause now I know
where I'm going
And I keep on believing that I will be there, that I will be
there

No need to say you were wrong, I knew it well all along
You're like someone who had a dream, but gave-up
being strong
And I know now what I want
I know now what I need to do

I'm coming out of my shelter by taking chances I'm
feeling
And I keep on believing that I will be there someday
I'm coming out and I stand tall, 'cause now I know
where I'm going
And I keep on believing that I will be there, that I will be
there

'Cause you're no strong enough to pull me down
I'll rise and make you turn around
Just look at me, it's never too late to make it real
'Cause I know now what I want
I know now what I need to do

I'm coming out of my shelter by taking chances I'm

feeling

And I keep on believing that I will be there someday

I'm coming out and I stand tall, 'cause now I know

where I'm going

And I keep on believing that I will be there, that I will be

there

I'm coming out of my shelter by taking chances I'm

feeling

And I keep on believing that I will be there someday

I'm coming out and I stand tall, 'cause now I know

where I'm going

And I keep on believing that I will be there, that I will be

there
