Don't call me brother
that ain't my name yeah
is tenure what you want yeah
I turn around and walk away
like this
well I've been laidback
to waiting for graystack
and the pain
man can't you see this
I ain't no witness, witness
all in the same and everything lack
bandleader pray
but I calm down, let it come, yeah
I ain't no witness
I ain't no witness
(guitars)
I ain't no witness (4X)
man you look nice
and soon I will look like that too
I hope you can see this
I ain't no witness
don't call your martyr
you know what he'll prescribe
cause I ain't no martyr, as static as I
and I hope you can see this
I ain't no witness, witness, wit..
well it's said over me is a strong man
and we'll do what we please
and live off the land, man
I swear I can see this
I ain't no witness, witness, witness
I ain't no witness (6X)
