EVERYONE'S NOT ME performed by JoBeth Taylor,
written by Deborah Gibson

(Keeth): Ha ha ha ha... It's a lie

(Debbie): Go!

Verse 1:

If you think you can do it better, then

Do it yourself

What's the use of giving advice to

Someone else?

If you're so smart then

What is loneliness what you teach

Take your ___ heart and go and

Practice what you preach

Chorus:

Everyone says I'm crazy

And their lies are plain as day

But I don't believe it and

My heart does what I say

People think I'm stupid

Plus I just can't see

Everyone can shut up

Cause everyone's not me

Verse 2:

I'm tired of people kicking their shoes and saying

(Keeth) "We're not ___ tired, you know what I mean"

Should've kept it for themselves now

Ain't it seem

I have a heart and I have a

Mind of my own

We ___

What we've shown to others

CHORUS

(Keeth):

Alright, now listen

And I really want you to read my lips

I'm gonna leave you alone

Cause I can just ___

You're the only one I want, Jo Beth

(Keeth): Go on with the girl

CHORUS

CHORUS

(Debbie): So there

(Keeth): As long as you promise to sing me another
tune (sneeze)

Make my day
