SLOW JAM by Jo Beth Taylor

Verse 1:

Sometimes love is good

When it only lasts a minute

Other times, love's just fine

When you're not really in it

Break 1:

This feeling came to me without warning

It never felt so right

I want to make love until the morning

I'm in the mood for a slow jam tonight

Chorus:

Slow jam - that's what I need

I want you over and over again

Slow jam - oh baby

I want to take you in my arms and never let it end

Verse 2:

I don't want secrets when it comes down to loving you

Anything that you got on your mind

Tell me baby

'Cause you know what I do for you

Break 2:

Your love's so good and so understanding

A better man - I'd never find

So good to me when I get demanding

and let you know what's on my mind

CHORUS x 2

oh baby

BREAK 1

CHORUS x 2

Slow jam - that's what I need

I want you over - boy I want you over

Slow jam - oh baby, oh baby - slow jam
