Who's that hunky, funky, junky  
Pickin on the bad guys after work now  
I'm the clown man  
Who's the smoking, toking, joking, honking geezer  
under the sunlight  
I'm the clown man  
All the superhero's are seekin(?) down the dole office  
Talking shop  
Your time is up  
Collecting unemployment benefits  
Benefits  
Benefit, it, it, it, it, it, it, it, it, it, it, it

Word out

He's a one man circus  
He's a one man circus  
He's a one man circus, yeah, yeah, yeah  
He's a one man circus

How you meant to follow  
You gotta be underground  
Are we meant to follow  
Yeah you're followed around  
How you meant to follow  
You gotta go underground  
If he's to be found  
When should you follow (? Indecipherable)

[whispers]  
Who's that hunky, funky, junky  
Pickin on the bad guys after work  
Oh the clown man  
Who's the smoking, toking, joking, honking geezer  
under the sunlight  
Oh the clown man  
All the superhero's are seeking(?) down the dole office  
Talking shop  
Time is up  
Collecting unemployment benefit  
Benefit  
Benefit, it, it, it, it, it, it, it, it, it, it
