Man man Mr Sandman for you don't do me no good
You won't come around and put me to sleep like you
know you schould

Well my baby just stopped and left me she said I didn't
treat her right
And I've been lonely every day and haven't slept a
single night

Man man Mr Sandman...
[guitar - steel]
Well I bet I've walked a hundred miles and never ever
left this room
A ten by twelve circle this is all that I've got
You think she's coming back mighty soon
Man man Mr Sandman...
Like you know you schould Sandman
