I was a fool to ever think that you could ever really love
me

And believe those love letters that you signed
Your kisses are much colder now and feeling is
believing

And I believe you got a new love on your mind

Cause you kiss me like you're waving goodbye
Just the touch of your sweet lips makes me wanna cry
You'll never stay here in my arms cause kisses never
lie

And you kiss me like you're waving goodbye
[steel]

Yes you kiss me like you're waving goodbye...
