Verse:

Let's lay it all on the line  
Put it out in the open  
I'm standing here with my heart in my hands  
With my heart in my hands  
Lay it on the line  
Won't keep nothing inside no more  
Cause I just want the whole world to know  
I'll let it out so you'll understand  
Just take my hand and baby just

Chorus:

Walk with me  
baby just walk with me  
I crown you the king of all kings and I am your queen  
that's how love should be  
This feeling is magical  
Feels almost spiritual  
I crown you the king of all kings and I am your queen  
That's now love should be  
How it should be

Verse:

And this is what my plan would be  
For us to raise a family  
To have ups and downs like everyone  
Cause in the end it is love that counts  
Just tell me that I'm beautiful  
That I'm all you want and all you'll ever need  
Let's stick to the plan baby let's be happy  
Just you and me

Chorus:

Walk with me  
baby just walk with me  
I crown you the king of all kings and I am your queen  
that's how love should be  
This feeling is magical  
Feels almost spiritual  
I crown you the king of all kings and I am your queen  
That's now love should be

How it should be

Bridge:

We are both complete

I'm not a half you need to fill up

No you don't need to baby it's all right

you don't need to baby

And I've learned a few things in life

And some of them the hard way

But I believe in us baby

That leaves me with just one thing to say
