Verse:

Now let me start from the beginning
I'm caught up in a love story so let me start singing
About that sweet and handsome piece of joy
I didn't know his name but he was living right next door
to me
The first time he said hello was right in front of my
door
and I couldn't really believe the nicest things he said to
me
I'm talking about that thing called love like

Chorus:

Romeo & Juliet two lovebirds in the sun
But let me take you back to where this fairytale begun
He started by singing me love songs and bringing me
flowers in the evening
Because of that honey love that sweet love
That tender kinda love

Verse:

He brought me tulips and roses in the morning sun
Goodies and candles
He wooed me he moved me seduced me with some
soul
reaching some soul reaching
The first time he said hello was right in front of my
door and
I couldn't believe the nicest things he said to me
I'm talking about that thing called love like

Chorus:

Romeo & Juliet two lovebirds in the sun
But let me take you back to where this fairytale begun
He started by singing me love songs and bringing me
flowers in the evening
Because of that honey love that sweet love
That tender kinda love

Bridge:

In harmony and with happiness that's the way this story

ends
and I am sure that this love will last forever more
He started by singing me love songs and bringing me
flowers in the evening
Because of that honey love that sweet love
That tender kinda love
Sweet love tender love you see
Sweet love
