Strange imaginations, children hide your secrets well  
Is it not temptation makes you kiss and makes you tell?  
There's a traveler on the airwaves and he's pleading  
for my heart  
Light up all the candles, I'm still in the dark

Hurry operator, get redemption on the line  
Pull back the curtains, I think I recognize those eyes  
If love is so criminal, then my penance due  
'Cause I'm still holdin' on to letters written straight to  
you

Oh, won't you save me, father sun, father sun?  
I need to tell you father sun, father sun  
And now you know that you're the only one  
Oh, please forgive me father sun, father sun

I said I needed you in the back of my mind  
Laid the beads up on the table, right beside the wine  
It seems that we say forever, but forever's just a word  
"And we'll be coming back for you", is all I heard

Oh, won't you save me, father sun, father sun?  
I need to tell you father sun, father sun  
And now you know that you're the only one  
Oh, please forgive me father sun, father sun  
Please don't forget me, father sun, father sun

I think I hear him whispering  
"Put your hand in mine and you won't feel a thing!"

Oh, won't you save me, father sun, father sun?  
I need to tell you father sun, father sun  
And now you know that you're the only one  
Oh, please forgive me father sun, father sun

Oh, won't you save me father sun, father sun?  
I need to tell you that my life is on the run  
And now you know that you're the only one  
Oh, won't you save me father sun, father sun?  
Oh, won't you save me father sun, father sun?

Oh, won't you save me, save me  
Save me, save me, save me father sun?  
Save me
