BRIDGE; FROM A PATIO VIEW Realizing It's only a view
When I'm without you VERSE; FROM A PATIO VIEW I
watched the flood lights That fill the night It's lonely
here When I think about you I sit back with teary eyes In
my easy chair Wishing you were here tonight VERSE;
FROM A PATIO VIEW It's like a dream That finally came
true It's a beautiful sight But I don't have you Just
sounding jets Passing by in the night Beyond the high
rise CHORUS; FROM A PATIO VIEW Sounds faster than
sight A roar between soft clouds As I gaze into the
night How I wish you were here To fulfill my life Oh,
how I wish you were here To complete me to tonight
Verse; FROM A PATIO VIEW It's happy and sad As the
memories flash Brighter than lights The jets remind
me How you just left my life My memory lingers While
jets pass through the night CHORUS; REPEAT BRIDGE;
REPEAT.....COPYRIGHTED MATERIAL PAU2-334-354
