VERSE; I REMEMBER A country town People were real
people And were proud To say what they meant Did
what they said I REMEMBER so well This was where my
children And I were born. VERSE; I REMEMBER this
country town Where people were loyal And knew
everyone Neighbors were friendly Not afraid to call I
REMEMBER Oh, I REMEMBER Not many years ago.
CHORUS; I REMEMBER when factories had to close And
generation farmers lost their farms Friends and
neighborbors lost their homes Oh, I REMEMBER I wonder
where did the people go? VERSE; I REMEMBER the day I
left Kissed my mother And tried not cry I never saw not
cry again It was more than a country town It was a town
Where my ancestors farmed Only a short time ago
BRIDGE; I REMEMBER A sign read: When the last person
leaves Turn out the lights I REMEMBER, I REMEMBER Oh,
I REMEMBER CHORUS; REPEAT Wonder where did the
people go.
