VERSE; My life isn't what I thought But I can't change
What was given to me Oh, yes I didn't think It was my
best But life gives us a test OF LESSONS TO LEARN
LESSONS TO LEARN CHORUS; SO, we don't know When
angels assist us The day we're born There is no way to
know What God has in store Just pray thaqt God Will
keep us in His hand There are LESSONS TO LEARN
VERSE; It took me many years to accept You know life is
a gift Yes, it can be good or bad So, we've come along
way Yes, when I say There were lessons LESSONS TO
LEARN CHORUS; Repeat BRIDGE; Everything happens
for a reason Don't question and learn the lesson There
are LESSONS TO LEARN VERSE; It's best not to look
back Trust and know You did your very best Believe in
yourself And just keep a smile You have survived Yes,
you passed the test There were LESSONS TO LEARN
CHORUS; Repeatcopyrighted material 6-01-
