It's finally over
But I can't even cry
So don't you give me no sweet talk
You done told your last lie

I was your puppet
Just a dancin', dancin' on a string
But when the sun went down last night
Lord, it changed everything

Today I feel different
'Cause now I can see
That you care more 'bout yourself
Than mistreatin' me

It took me a long time
To figure you out
But misery and pain
Ain't what loves all about

I was your woman
But ya threw me away
I used to be your very own
Custom made, love slave
Do anything for you, little fool
But that was yesterday
That was yesterday

And so it goes
Another lesson gets learned
And in the big book of experience
Another page gets turned

Now you say you need me
Well honey, you got some nerve
I hope some sweet tomorrow
We'll get what we deserve

I was your woman
But ya threw me away
I used to be your very own
Custom made, love slave

Do anything for you, little fool
But that was yesterday, ya honey
And that was yesterday

I'm packing up and movin' on
Your real good thing is good and gone
