That's what makes you strong...

If you love somebody
Then that means you need somebody
And if you need somebody
That's what makes you weak
If you know you're weak
Then you know you need someone
Oh, it's a funny thing but
That's what makes you strong...

That's what makes you strong
That's what gives you power
That's what lets the meek come sit beside the king
That's what lets us smile in our final hour
That's what moves our souls and
That's what makes us sing

And to trust somebody
Is to be disappointed
It's never what you wanted
And it happens every time

But if you're the trusting kind
This doesn't even cross your mind
And Oh it's a funny thing but
That's what makes you strong...

That's what makes you strong
That's what gives you power
That's what lets the meek come sit beside the king
That's what lets us smile in our final hour
That's what moves our souls and
That's what makes us sing

That's what makes you strong
That's what gives you power
That's what lets the meek come sit beside the king
That's what lets us smile in our final hour
That's what moves our souls and
That's what makes us sing

That's what moves our souls and
That's what makes us sing.....

(Interlude)

That's what let's us smile in our final hour
That's what moves our souls and
That's what makes us sing
