Im Alice, this is your wonderland!
Come on everybody my roller coaster is almost leavin'
oooh whoohoo...
And we could take a ride through the night to my magic
kingdom
oooh whoohoo...
Your own castle in sky, where it feels like you just died
and
went to heaven
oooh whoohoo...
And theres milion reasons why you choose to say
behind, but just
forget 'emmm
oooh whoohoo...
Follow the leader, into the rabbit hole, im gonna lead
ya into
another world, where the lights don't matter, stars all
gather
Im Alice, this is your wonderland!
Follow the leader into the rabbit hole, im gonna lead
you into
another world, where the lights don't matter, stars all
gather
Im Alice, this is your wonderland!
.....
You can see the sun to the left outside your window
oooh whoohoo...
Final destination for this evening is wherever your mind
goes
oooh whoohoo...
Great adventures to be had, cuz the meter on the cab
is broken
oooh whoohoo...
Where the candy house is real, you can taste it if your
mouth is
open
oooh whoowhoo...
Follow the leader into the rabbit hole, im 'bout to lead
you into another
world, where the lights don't matter, stars all gather
Im Alice, this is your wonderland!
Follow the leader into the rabbit hole, im gonna lead

you into another
world, where the lights don't matter, stars all gather

Im Alice, this is your wonderland!

Fame into the rabbit hole, where feathers on the
creatures glow
glostop by for a spot of tea
A table's set for you and me
Down here with the wild things, and who knows what
the wild brings
Purple fat kitty cat, never mind where you at
OH

.....

ooh.. oohh.. oohh.. oohh.. OOOHHH!
Follow the leader into the rabbit hole, im gonna lead
you into another
world, where the lights don't matter, stars all gather
Im Alice, this is your wonderland!
Follow the leader into the rabbit hole, im gonna lead
you into another
world, where the lights don't matter, stars together
Im Alice, this is your wonderland!
Follow the leader into the rabbit hole, im gonna lead
you into another
world, where the lights don't matter, stars all gather

Im Alice, this is your wonderland!
