[verse1]

Waking up I cannot breathe
The stench of the world is choking me
I don't want to get up put of this bed
Everyday is just the same
9-5 and home again
I'm too young to just throw my life away

[hook]

Who ever told me life would be peaces and candy
Everything would be dandy
Was just so wrong
Where are the palm trees
Sunlight that should cover me
Angels that will trail around my head

[chorus]

I wanna be OOOO FREE
I wanna let GOOOO to to me
I wanna live LIIIIIIIFE
Like it was my last day then I would be so happy

[verse 1]

I'm not afraid to ask for help
Id rather die then hate myself
At this point I have lost all of my pride
I grabbed my boots and lace them tight
like a soldier creeping through the night
its time to find out what's my path in life

[hook2]

and who ever told me that this journey would be easy
well its not please believe me, they were sooo wrong
where are the palm trees
sunlight that should cover me
Angles that should tail around my head

[Chorus]

[bridge]

There's this voice telling me

That I cant do what I want
i cant give all I've got
But ill try not to succumb to it
I have shed all of my fears
I've shed all of my tears

[chorus]
