She's never even heard of the MC5
Probably thinks Sid's still alive,
Not her fault she's having a blast,
Its the men in the suits who own her ass, own her ass

Punk Pin Up, Don't you know, Don't you know
They're teenage whores
Punk Pin Up, Don't you know, Don't you know
They want more and more

Skin tight, spay on blue jeans
Train the boys to look real mean
Leathter jackets just like Ramones
Except these boys all have cheekbones, have
cheekbones

CHORUS

Angry rebels are pre-packaged
Anarchy that is stage managed
Baggy pants and a scowl
Rot in hell, you're so foul, you're so foul

CHORUS
