You need to hear something new
The radios are playing shit
Just another manufactured hit
Some things have gotta give, gotta give

It's not a crime to play guitar
The only way to prove them wrong
We don't need a choreographer
We don't need to dance to be stars, dance to be stars

We are Teasing LuLu
We won't stand for it!
We are Teasing LuLu
We don't give a shit!
Yeah, yeah, yeah, yeah, yeah, yeah

Just the puppets of the industry
Think they're getting what they want
No respect no honesty
Just a license to print money, print money
