Your day will come it wont be long  
Everyones got it wrong  
Where do you go from here  
Where do you find the perfect career, career

Its easy just to lie in bed  
Easy to watch The Monkees instead  
Pulling the curtains tight  
To be sure not to let in any light, any light

Catch the sun, while still it shines  
Dont read between the lines  
Its only then that things have turned out  
Nice again, nice again

Leaving feels like a false start  
And sometimes it goes and breaks your heart  
But to follow in your own dreams  
Is not as hard as it may seem

BRIDGE
