Now I can't let go of what I'm feeling
Baby, my love is too strong
Been hurting too long

Baby, you were my first love
And I would do anything for you
And when you hurt me for the first time
I know it should've been the last time
But I couldn't get enough
It seems I was addicted to you
Kept having your back and someone's life
Thinking maybe you'll love me just one time

And now I can't let go of what I'm feeling
Baby, my love is too strong
I've been hurting too long
I can't let go of what I'm feeling
Baby, my love is too strong
I've been hurting too long

Time went by
Why did you leave me
You were my only
Please come back to me
Wish you were my baby
Why did you have to go
Don't you love me no more
Please come back to me
Come home baby

I can't let go of what I'm feeling
Baby, my love is too strong
I've been hurting too long

Can't let you go, oh no
Oh noo
