Baby i'm not here to start a fight
But i just thought i'd let you
(Just thought i let you know)
Cause the way that you've been treating me
It so unfair baby its so cold
All i do it put you first
I be there any time you want me to
Maybe that was wrong of me
Maybe i should of held back

Sometimes it feel like
Its all about you never about me
Don't care about no one else
Sometimes it feels like
You've given me nothing
And i've given my all
You throw it right back at me

I know i can't
I can't keep on falling
Something inside just makes me keep falling
I wont deny that baby i'm falling
Tryna control myself but my heart is breaking

I cant keep on falling
Its not fair
Stop making me falling
Everyday
This cant be right
I don't wanna a lover like that

Dont want a lover a lover like that no
Dont want a lover a lover like that no
Dont want a lover a lover like that no
Like that no no

You tell me that i stress you out
That i'm playing with your mind
If you took the time to hear me out
Then you wouldnt feel this way
Taking no longer

I gotta be stronger
It just gets worser
Days get no better

Why you gotta be like that
I should of held back

Sometimes it feel like
Its all about you never about me
Don't care about no one else
Sometimes it feels like
You've given me nothing
And i've given my all
You throw it right back at me

I know i can't
I can't keep on falling
Something inside just makes me keep falling
I wont deny that baby i'm falling
Tryna control myself but my heart is breaking

I cant keep on falling
Its not fair
Stop making me falling
Everyday
This cant be right
I don't wanna a lover like that

So baby if you get any time
Just sit back and think
About everybody but yourself
Then you may see
How really good our love would have been
Dont leave it too long

Cause baby I wont wait
Cause baby i cant wait

I know i can't
I can't keep on falling
Something inside just makes me keep falling
I wont deny that baby i'm falling
Tryna control myself but my heart is breaking

I cant keep on falling
Its not fair
Stop making me falling
Everyday
This cant be right
I don't wanna a lover like that [x2]
