[Verse 1:] You must be crazy, oh boy Tell me what you see You know that sees loose boy, oh boy Just look at her properly You're the kinda guy whose precious and true So you need a girl like Sadie Who knows the little things count with you, oh boy

## [Chorus:] Let me take you away Coz she don't know you like I do But I've been there for days, always representing you Let me take you away, let me take you away Coz she don't know that look you do, oh ho But I've been there for days, always representing you, Let me take you away

[Verse 2:] I got the feeling, oh boy The feel how I feel But maybe I'm dreaming, oh boy Maybe this aint real I think you need a Leo in your life, and the courage I bring This aint the kinda offer you will get twice, oh yeah

### [Chorus:]

Let me take you away, oh let me take you Coz she don't know you like I do, like I do But I've been there for days, always representing you Let me take you away, let me take you away Coz she don't know that look you do, oh ho But I've been there for days, always representing you Let me take you away

[Verse 3:] She can't love you like I love you, never know you like I do What will it take for you to be here? Represent me, the way I'm representing you

She can't love you like I love you, never know you like I do What will I take for you to be here? Represent me, the way I'm representing you

#### [Chorus:]

Let me take you away, let me take you away Coz she don't know you like I do, she don't know But I've been here for days; I've been there Always representing you, I'm still here Let me take you away, let me take you away Coz she don't know the look you do, oh ho But I've been there for days, always representing you Let me take you away, let me take you away.
