It's a love plan  
I wanna be your lover  
I gotta make you look into my eyes  
It's a love plan  
I wanna be your lover  
I gotta make you look into my eyes

It's a love plan  
(Look into my eyes)  
It's a love plan  
I wanna be your lover

So come on closer  
A roller coaster  
You take me up and dance  
You take me up in the night  
I say forever  
.... and never  
It's up this once again  
You'll never got me no way

It's a love plan  
I wanna be your lover
