That's f***ing beautiful
That's poetic
It's almost perfect except for one little thing
What are you willing to do for me?

What are you willing to do for me?

That's f***ing beautiful
That's poetic
It's almost perfect except for one little thing
What are you willing to do for me?

What are you willing to do for me to keep me quiet?

(What are you willing to do for me?) (2X)

What are you willing to do for me? (2X)

That's f***ing beautiful
That's poetic
It's almost perfect except for one little thing
What are you willing to do for me to keep me quiet?
