Watching the stars.... till they're gone

like an actor all alone

Who never knew the story he was in

Who never knew the story ends

Like the sky reflecting my heart

All the colors become visible

When the morning begins

I'll read the last line

owaranai ame dakishimeta yoru ga asa wo mukaeru

kokoro wa mada nureta mama

In endless rain, I've been walking

like a poet feeling pain

Tryin' to find the answers

tryin' to hide the tears

But it was just a circle

That never ends

When the rain stops, I'll turn the page

The page of the first chapter

kizu tsuku dake kizu tsuite wakatta hazu no kotae wo

doushite mada toikaketeru ?

Am I wrong to be hurt

am I wrong to feel pain

am I wrong to be in the rain

am I wrong to wish the night won't end

am I wrong to cry

but I know, it's not wrong to sing THE LAST SONG

cause forever fades

ki ga tsukeba mata hitori yoru no sora wo mitsumeteru

sukoshi zutsu kieteyuku our memories

kizu tsuku dake kizu tsuite wakatta hazu no kotae wo

doushite mada toikaketeru ?

I see red

I see blue

But the silver lining gradually takes over

When the morning begin

I'll be in the next chapter

owaranai ame dakishimeta yoru ga asa wo mukaeru

kokoro wa mada nureta mama

kizu tsuku dake kizu tsuite wakatta hazu no kotae wo

doushite mada toikaketeru
