chorus

What I need from you is understanding  
How can we communicate  
If you don't hear what I say?  
What I need from you is understanding  
So simple as 1-2-3  
Understanding is what we need

You don't really know me  
You just wanna do what you wanna do  
That's not the way it should be, no  
You should listen to me  
(You gotta listen to me, boy)  
I try so very hard  
To make you understand  
But the choices you make  
Baby, they're all demands

I try so very hard  
To keep our love alive  
But if you don't wanna meet me halfway  
Then the understanding dies  
There's no way that we can work it out  
If we don't pull together  
I don't mean to be demanding  
I want some understanding  
I wanna be with you

~chorus~

I listen to you, baby  
And I know the things you're going through  
I try to understand  
That's why I'm still with you  
(That's why I'm still with you, boy)  
See, everyday we're living  
Is one that will always be unsure  
That's why I need ya babe  
I'm pleadin' baby  
Please let our love endure

I try so very hard  
To keep our love alive  
But if you don't wanna meet me halfway  
Then the understanding dies  
There's no way that we can work it out  
If we don't pull together  
I don't mean to be demanding  
But I want some understanding  
I want to be with you

~repeat chorus to fade~
