I'm drowning in sadness

Falling far behind

I feel there is just no way out

Is there anyone there? Where am I?

Insanity and loneliness

Tear my painful heart

Broken heart keeps on going to beat

But it never stops bleeding

I've been waiting for love to come

Someone who wants to touch me inside

Memories of my yesterdays

Careless words and deeds

Masquerade of love

Gotta find my way outta here

I was blinded by dark desire

Over time I've been through it all

I'm crying my share of tears

What can I do

Will I make it through

I must be true to myself

Voiceless Screaming

Calling to me inside of my heart

Voiceless Screaming

Now is the time I got to speak out

Voice of faith, I'm starting to realize

Now my eyes can see

I have gone so far

I'm feeling breath of life

And I'm looking for love to reach

Someone I want to touch deep inside

Light shines on my sight of doubt

Don't be afraid

Move forward one step

Willing mind is what I have found at last

Voiceless Screaming

Calling to me inside of my heart

Voiceless Screaming

Now is the time I got to speak out

Voiceless Screaming

Calling to me inside of my heart

Knockin' on my soul's door

I believe in myself and trust what I do

Voiceless Screaming

Pain of the past still hurts me inside

Knockin' on my soul's door

I climb the stairs that lead me to Heaven
