[Intro] Welcome to The Sextion, where it's all about sex  
If horny is what you're looking for, well this is the place  
The Sextion Now, for your listening pleasure This is  
Tech N9ne, Skatterman and Krizz Kaliko with seven  
words How many words? "One, two, three, four, five,  
six, seven" [Chorus: Krizz Kaliko] It's seven words I  
want to say to you "Love it when you suck my dick" ...  
It's the best thing in my world It's seven words I want to  
say to you "Love it when you suck my dick" Girl ... that's  
why I'm giving you seven words [Tech N9ne] You  
should look at this as a wonderful endeavour The  
pleasure of having a bitch go below the belt for  
treasure No pressure, I know you shy and I ain't tryna  
stress ya Can I undress ya? And get ya to swallow each  
and every measure? Damn!! You put the "whore" in  
hormones, I might just bust before long Let's take a pic  
in your phone of you taking more and more dome Do it  
but don't pinch me, don't chew it when you think me  
Get fluid then you sink me, cause you got to/two it just  
like pinky I really love it when you... put the hot water in  
your mouth Slurping and slobbering about, now it gets  
hotter in the south Yep, the water was blazing, it was  
amazing and now my dick is shrivelled up like a raisin  
You love my leg in third, cause I'm blessed with  
Heaven's curve And I equal the thrill and rush of having  
sex on X and herb Never get the lesson blurred, I'd like  
to rest in her But not before I issue baby doll my seven  
words [Chorus: Krizz Kaliko] [Skatterman] For the sake  
of argument, let's say we call her "Ol' Girl" She had the  
type of lips to make this street nigga's toes curl It's her  
world, all I do is kick back, just sit back She let my  
zipper down and pulled the head out and licked that  
She licked that, sometimes I had to fight to get my dick  
back But baby moved to Minnesota, swear to God I  
miss that The way she used to grab and smack herself  
all in the face with it Looking at me dead in my eyes  
while she be tasting it (tasting it) She used to say  
"Daddy, you wasting it" (wasting it) I used to say "Baby,  
I'm pacing it" But fuck the hot water shit, she used that  
crushed ice (crushed ice) If she sucked your dick once  
she make you nut twice (nut twice) She was just that

good I could sell her for a stack to my boys in the hood  
So if you got you one of these, keep them faking  
bitches to the curb Leave this on her voicemail, all you  
need is seven words [Krizz Kaliko] Now as she sucks  
my soul, I lick her funky emotions Piercing all the way  
into her mind so I can feel what she's thinking Feel me?  
I know you do We're getting closer and closer, eruption  
is imminent Climax is closing in on us If you don't get  
your hands on me soon, I might disappear Here is what  
I been waiting on, the best thing you ever heard The  
one, two, three, four, five, six, seven words [Chorus:  
Krizz Kaliko] [Outro: Tech N9ne] + (Female) Mm, mm,  
you know what I want you to do, right? (Yeah, I know  
what you want me to do) What's that? (Do you want it  
with hot water?) What's that? (You mean to tell me  
freaky ass Tech N9ne ain't never had it with no hot  
water?) Nah, show me (Hold up a second) What the  
fuck? (And then you do it like that) OK, go ahead ... AHH  
shit, fuck, that's wonderful! (That's what I thought)
