Follow me through the night  
We are sisters of the light  
We are daughters of sin  
We are laughter in the wind

Follow me through the night  
We are sisters of the light  
We are wild, we are free  
Through the darkness follow me

I am here to break the silence and  
I want you to be the voice of mine

Follow me now

Follow me through the night  
We are sisters of the light  
We are daughters of sin  
We are laughter in the wind

Follow me through the night  
We are sisters of the light  
We are wild, we are free  
Through the darkness follow me

You alone, you can let time stand still  
And you create the missing element

We're the fires of hell  
We're the deep rough sea  
We're the stormy air  
We are, we

We're the ashes of time  
And we are banshee  
Through the darkness, sisters  
Follow me

Follow me now

Follow me through the night  
We are sisters of the light

We are daughters of sin  
We are laughter in the wind

Follow me through the night  
We are sisters of the light  
We are wild, we are free  
Through the darkness follow me
