Run, run come celebrate Festival '68
Run, run come have some fun, let us celebrate
Just look how we have grown on our very own
From '62 to '68, progress has been great, great, great

Better, better run, run come celebrate, Festival '68
Run, run come have some fun, let us celebrate
It's not an easy road, but we are pulling our load
It's time for fun, so run and come, come let's make it
great, great, great

Run, run come celebrate Festival '68
Run, run come have some fun, let us celebrate
It's not an easy road, but we are pulling our load
It's time for fun, so run, run, come, come let's make it
great, great, great

Oh, better, better run, run come celebrate, Festival '68
Run, run come have some fun, let us celebrate Festival
'68
Festival '68, better run come, Festival '68, Festival '68...
