[Intro: RZA]

You know they say  
In every man's life, there comes a time  
When he get struck by the arrow of Cupid  
By the love of God, or the beauty of a woman  
And sometimes this love, brings thunder into your life  
And it brings the storm, sing about it

[Xavier Naidoo]

There is more to love than this  
Love is more than just a kiss  
Will we take it to that step?  
Will we do more than just connect?  
And will you bring the thunder in my life?  
And the fire in my eyes?  
'Cause then there, will be days of pleasure where  
Everything far will be so near

[Hook: Xavier Naidoo (woman)]

I have never felt thunder (thunder)  
And lighting (lightning) like this  
I have never been struck by (struck by)  
A wonder (a wonder) like this

[Xavier Naidoo]

There are days where I can stop talking about you  
There days I can't stop saying your name  
And I am looking for ways never to part from you, have  
Everything changed and you still stay the same

[Chorus 4X: Xavier Naidoo]

I've never seen, and there's never been  
Anything, with the beauty of you

[RZA]

Yo, yo, yo  
Aiyo, shorty, I've never met someone so beautiful  
From your hair follicle to your finger nail cuticle  
Struck by the arrow of Cupid, this love is deep rooted  
Like someone took my heart, sampled it and looped it  
To a song that's endless, passion brings the tempest

I'll slay a thousand dragons to save my little princess  
A walking gift from God, you are my shining star  
The diamonds and gold that most men be mining for

[Xavier Naidoo]

Days that we share are like treasures  
A treasure like fire is to mankind  
My hands will try to carry you to ever  
But since I've seen you, you've bright heaven to my  
mind

[Chorus 4X: Xavier Naidoo]

I've never seen, and there's never been  
Anything, with the beauty of you
