God gave rock'n'roll to you, gave rock'n'roll to you
Put it in the soul of ev'ryone
God gave rock'n'roll to you, gave rock'n'roll to you
Save rock'n'roll for ev'ryone

Love your friend and love your neighbour
Love your life and love your labour
No, it's never too late to change your mind
Don't step on snails, don't climb in trees
Love Cliff Richard but please don't tease
It's never too late to change your mind

God gave rock'n'roll to you, gave rock'n'roll to you
Put it in the soul of ev'ryone
God gave rock'n'roll to you, gave rock'n'roll to you
Save rock'n'roll for ev'ryone

If you wanna be a singer or play guitar
Man, you gotta sweat or you won't get far
And it's never too late to work 9 to 5
And if you're young and you'll never be old
Music can make your dreams unfold
How good it feels to be alive

God gave rock'n'roll to you, gave rock'n'roll to you
Put it in the soul of ev'ryone
God gave rock'n'roll to you -
To every boy he gave a song to be sung -
Gave rock'n'roll to you
Save rock'n'roll for ev'ryone

Rock!

God gave rock'n'roll to you, gave rock'n'roll to you
