(talking)

Something I did, something I can explain out orâ€¦  
I can't speak for everybody  
But umm, man

(verse 1)

There must be more good women then men  
percentage wise  
So her chance of having a husband just minimized  
That's why a lot of girls claim they ain't into guys  
And mess with other girls part time to improvise  
Honestly she wouldn't buy, but I seen it in her eyes  
I'm like every other guy trying to get in her thighs  
She telling me bout how black people should enterprise  
And I'm like if you don't get your ass in the rise from  
Enterprise  
That I rented yesterday, and gotta have in by 5  
With the gas fully filled up like I didn't drive  
Told her I had a girl, nah fuck it I didn't lie  
Told her this rap game is alright, I'm just getting by  
She had a little weed, and we get a little high  
And I'm looking in her eyes, and I'm loving her vibe  
She telling me back in 94 she fell in love with the Tribe  
Boo back in 92 I was just like you  
Please don't be confused by the Ice and Jewels  
I'm like any other nigga buy Ice to stay cool  
Like any other nigga that claim they hate school  
And thing yeah Free's banging but she's no Rachel

(bridge x2)

We ball till we fall  
Hit the mall  
After we hit don't call  
Fill your lives  
With nothing but lies  
And I would like to Apologize

(singing hook)

But you can't stand right here and tell me  
Everything is going to be alright  
Cause until the day the real man stands up

I'm going to have to improvise

(verse 2)

Was it something I did wrong  
Yea I know I'm wrong  
She's at home alone  
And I'm always gone  
Hate it when she mad, but more when she passive  
Now she on the Internet looking for classes  
Out of state though, man that hurt yo  
But I got work though, and I'm at work yo  
And she don't call a lot and when she do she pouring  
out her heart  
You never listen to me, then the call drop  
And I promised her everything  
Told her when I get deal  
I'd get her a wedding ring  
But when I got my deal I was back in the wing  
Fighting my urges, strip club splurges  
Never had money so I feel like a Virgin  
And I'm trying to break the banks cherry  
Trying to see if I can afford Cannery  
With a Ferrerie (Ferrari), and a dinner date with Halle  
Berry  
Went from 15gs to 15000 in a week  
And I'm trying to call  
One ring two rings seven rings eight rings  
Her mother picked up the phone like she in school and  
she don't stay here no  
more  
I guess there's more good women then men  
percentage wise  
So her chance of having a husband just minimized  
I guess that's why she say she ain't into guys  
Focus on school full time to improvise

(bridge x2)

We ball till we fall  
Hit the mall  
After we hit don't call  
Fill your lives  
With nothing but lies  
So I would like to Apologize

(singing hook)

No no you can't stand right here and tell me  
Everything is going to be alright  
Cause until that real man stands up  
I'm going to have to improvise

You can't stand right here and tell me

Everything is going to be alright  
Cause until that real man stands up  
I'm going to have to improvise

Can't stand right here and tell me  
Everything is going to be alright  
Cause until that real man stands up  
I'm going to have to improvise
