I wonder what it's like  
To be the one that everybody tries to look alike  
I wonder who doesn't care  
About the way that they wear their hair  
Or the way that the people stare

Walk straight ahead be proud  
Tilt your head up to the skies  
Don't you worry about the lies  
They're just sadness in disguise

Don't cry now  
Don't cry now

I thought that I was gonna die  
Slip of my knife I tried  
But you stood in my way  
And you begged for me to stay  
If it's to be it's up to me  
And cupid smiled my way

Walk straight ahead be proud  
Tilt your head up to the skies  
Don't you worry about the lies  
They're just sadness in disguise

Don't cry now  
Don't cry now

Walk straight ahead be proud  
Tilt your head up to the skies  
Don't you worry about the lies  
They're just sadness in disguise

Don't cry now  
Don't cry now
